SOUNDCOAT

MEDIA KIT

The Soundcoat Company, Inc. | **Acoustic solutions from the inside out.**

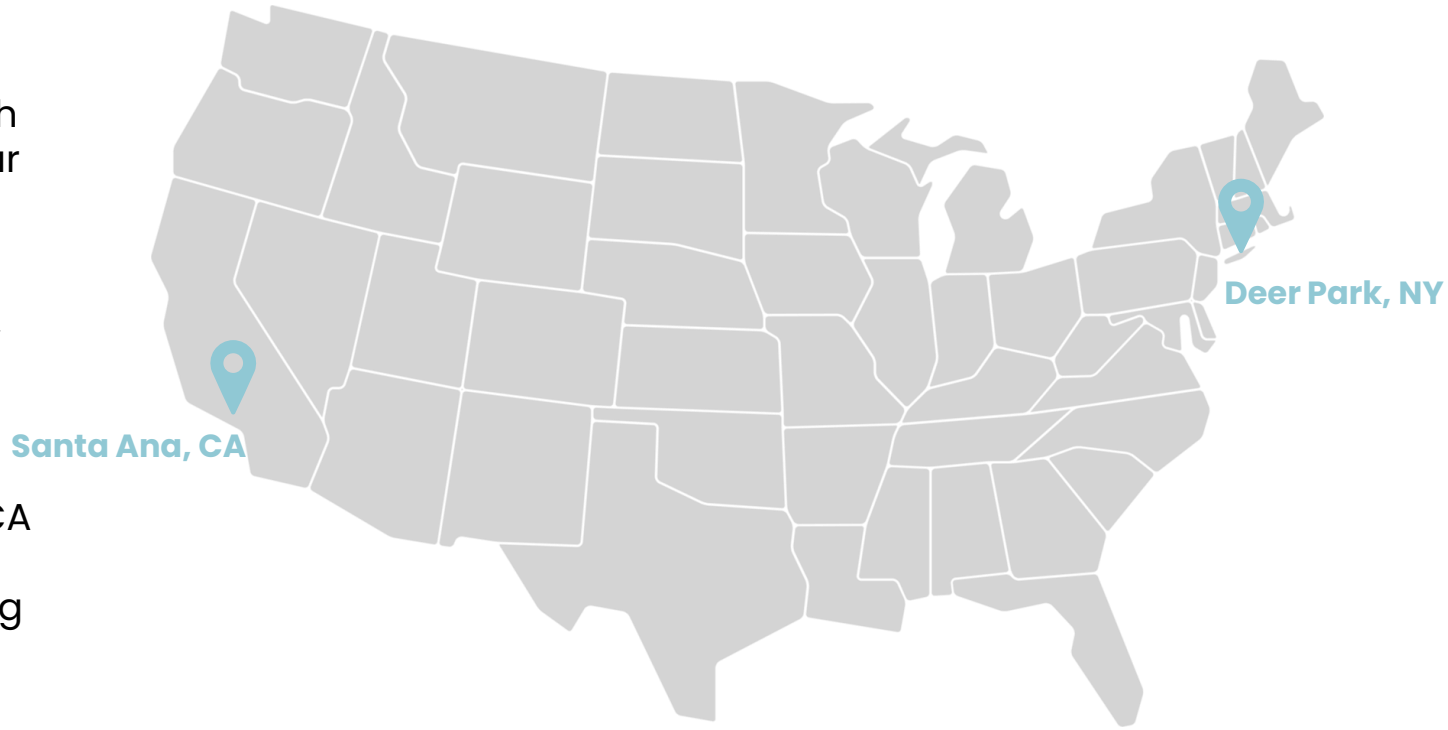

About us

Keeping it quiet since 1963.

Origin
The Soundcoat Company, Inc. was created in 1963 with one mission: engineering noise control solutions for our customers.

Vision
We are driven by a vision to create a world where only the essential sounds are heard.

Today
Headquartered in Deer Park, NY, and with Santa Ana, CA operations, we challenge the market and push boundaries through technological leadership, enabling our customers to optimize their designs before production. By combining advanced modeling, predictive analysis, and material fulfillment, we deliver comprehensive acoustic solutions from the inside out.

Company stats

63
Years in business

37
Countries with active customers

6
Major markets

100%
Soundcoat applications are acoustical, thermal, or both

1
Parent company
RECTICELGROUP

1
Best-in-class acoustics R&D lab

1
Hemi-anechoic chamber

1
Reverberation room

2
ISO 9001:2015 manufacturing facilities

1
AS9100:2016 manufacturing facility

13
Types of cutting equipment

6
Types of laminating equipment

1
FOD-free environmental control room

Suite of acoustics solutions

SOUNDCOAT

Soundcoat 360 Solution™

Proprietary four-step process combining:

- Discovery & testing
- Predictive analysis & modeling
- Implementation & validation
- Material production

Resulting in specialized engineered acoustics solutions for industrial spaces and OEM products - before anything is ever built.

Acoustics Lab & Testing Services

Fully-owned acoustics engineering lab with a broad range of capabilities:

- Hemi-anechoic chamber
- Reverberation room
- Transmission loss window
- Acoustic camera
- Impedance tube
- Noise source identification
- Sound intensity
- Multitude of mechanical, thermal conductivity, and flammability testing available

Manufacturing

Converting capabilities:

- East & West coast locations
- FOD-free environmental control room
- ISO 9001:2015 (NY & CA)
- AS9100:2016 (CA)
- Fully-customized configurations available

Markets offering

MOBILITY

AEROSPACE & AVIATION

HEAVY DUTY & TRANSPORT VEHICLES

INDUSTRIAL SOLUTIONS

INDUSTRIAL EQUIPMENT

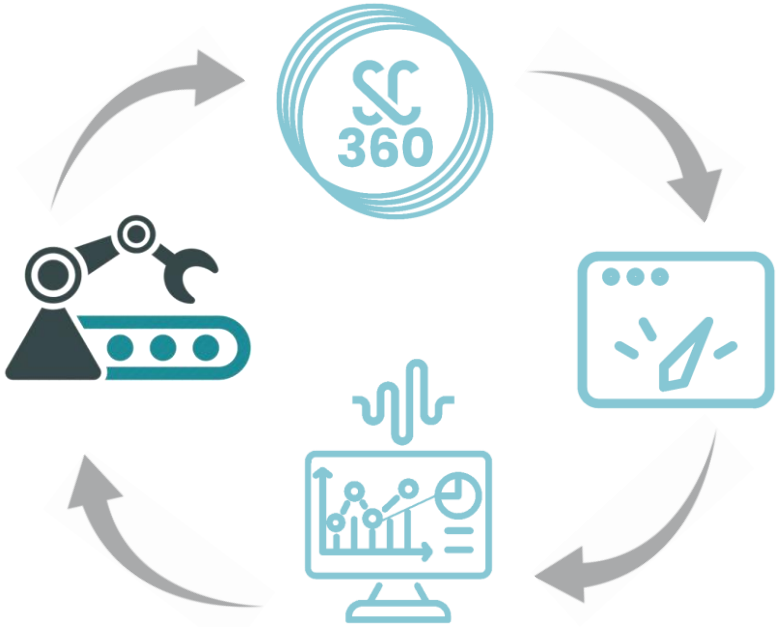

ELECTRONIC EQUIPMENT & ENERGY INFRASTRUCTURE

BUILDING & COMMERCIAL CONSTRUCTION

MEDICAL

MEDICAL EQUIPMENT

Suite of advanced acoustics solutions

Acoustic products portfolio

Absorption

- Polyurethane, Melamine, Polyimide, PET Fibers

Barrier

- Vinyl, Composites, Floormats

Damping

- GPDS, Soundfoil, Dyad

Sealing

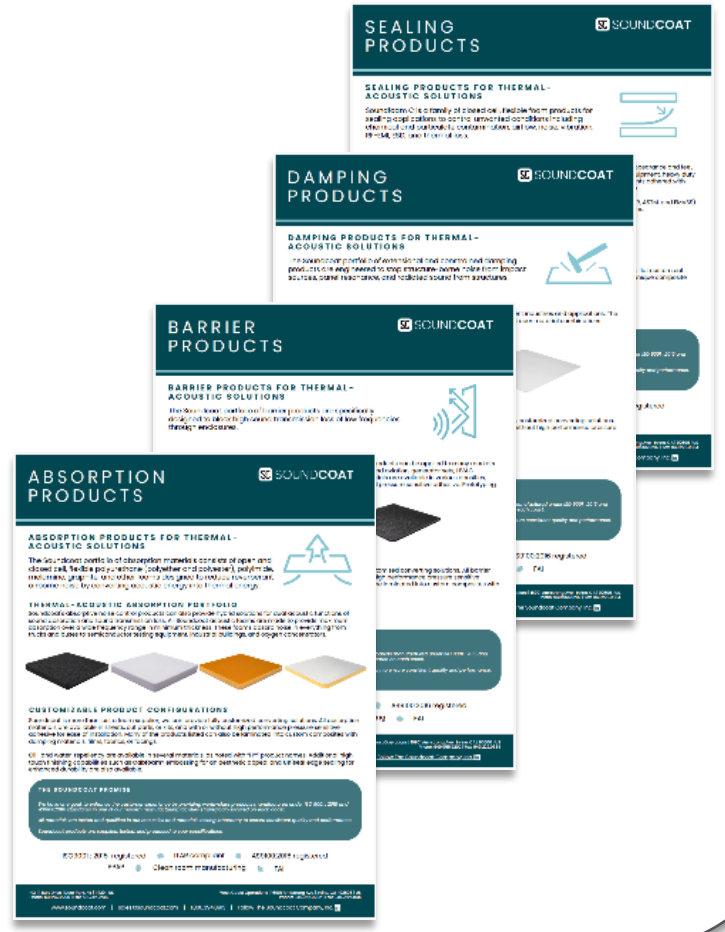

- Closed cell foams with based materials of Neoprene, PVC, Vinyl Nitrile

Facings

- Films and fabrics such as: Urethane, Vinyl, Mylar®, Nomex®, Tedlar®

Custom Molded Parts

- Lightweight, durable, and ideal for complex shapes

Key customers

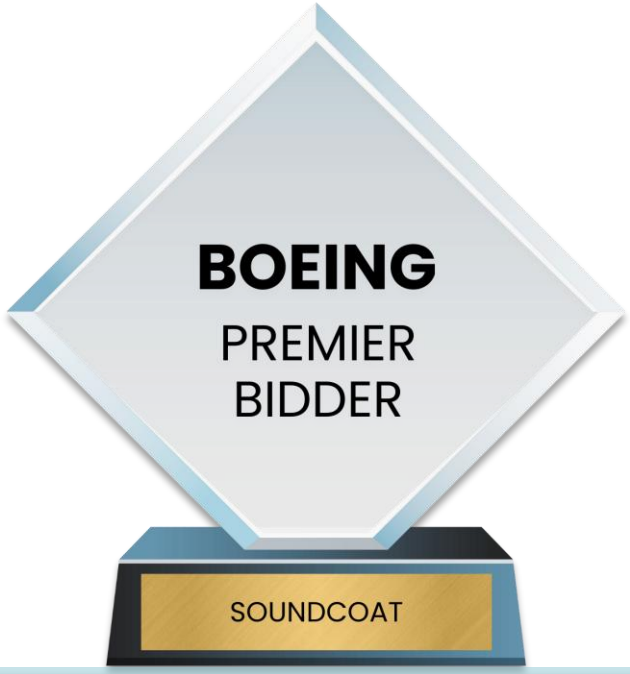

Awards

We are honored to be recognized by our customers for quality and excellence.

Soundcoat met or sustained the high-quality, delivery and performance criteria required for inclusion in the Boeing Premier Bidder Program in 2024.

Soundcoat met quality and performance objectives set forth by Caterpillar and was in the **top 4% of global suppliers in 2024, 2025, & 2026.**

Soundcoat met strict criteria for the PACCAR supplier performance management program in 2024.

Customer satisfaction

As a highly-customized converter for foam materials, Soundcoat values the quality of our customer service.

Our average customer rating is **4.7** out of **5**!
